Re-homing Your Pet

First steps to take:

- Usually the best option is to keep your pet. Seek assistance with the many pet resources listed in this flyer.
- Arrange for a trusted friend or family member to take your pet.
- Make sure your pet is spayed or neutered prior to re-homing.
- Do not place your pet through on-line ads such as Craig's List, garage sale sites, or Facebook groups. Many tragic outcomes have resulted from this approach.
